Candidate views on criminal justice reform. 	Yes      d) Do you support the use of private prisons in Washington?
	No      e) Do you support mandatory minimum sentences for non-violent drug offenders?
	Yes      f) Should State Patrol agents be allowed to destroy firearms that have been confiscated in criminal investigations?
	<p>for B, there are extra considerations. That is not a black and white issue. For D, there need to be KPI's tied to compensation for attaining goals of society, not maximizing revenue on head count. Work needs to be done. For E, there is also a difference with intent to distribute and their contribution to the overall problem vs just a user. For F, there are plenty of good gun manufacturers to make guns for the legal citizens. I don't know what's been done with them now, but if they are sold for revenue. for legal citizens, I'm good.</p> <p><a href="https://justfacts.votesmart.org/candidate/political-courage-test/192844/sean-atchison">https://justfacts.votesmart.org/candidate/political-courage-test/192844/sean-atchison</a></p>
